

Personal.

—Dr. O. S. Fowler, the great Phrenologist, will commence his lectures at Mozart Hall, in this city, on Tuesday evening next.

—Vice President Breckinridge reached his home, in Lexington, Thursday evening. He was expected at the Guthrie dinner, in this city, but unavoidable engagements in the East prevented his return home in time to be present at the entertainment.

—Charles W. Klesendorff, a young gentleman of this city, lately attached to the Nicaraguan army, having arrived in New York, was expected to reach his home in this city last night.

—The following distinguished gentlemen, among others, who were invited to be present at the dinner to Ex-Secretary Guthrie, at the Galt House, on Thursday evening, expressed their regrets that pressing engagements precluded the possibility of their attendance: Ex-President Pierce, Ex-Secretary Marcy, Gov. Morehead, Ex-Governor Leitch, His Honor Mayor Barbee, and Messrs. Charles Anderson and John W. Stevenson.

—It will be seen by our telegraphic dispatches that Robert J. Walker has accepted the appointment to the Territorial Governorship of Kansas, and will proceed to his new charge without delay.

PROF. HOLYOKE'S READINGS.—The variety readings of Prof. Holyoke last evening, before the Young Men's Christian Association, was as we promised it would be, one of the most pleasing entertainments ever offered to the public by that Association. Critically, we have no exception to make to the readings, save, perhaps, a slight lack of voice, arising from a cold under which the Professor evidently labored. Added to a remarkable natural talent, Mr. H. has the advantage of rare study and cultivation. The unusual power he possesses over his audience was evinced last evening in his warm attention and undiminished sympathy for the reader. He read two extracts and two poems, reciting the latter with great effect. While we have those in our midst so eminently fitted to entertain us, why should we pine for public instruction, or send abroad for intellectual edification?

—The local editor of the Journal evinces a taste for a controversy with this department of our folio, upon the subject of the late eclipse. If we could permit ourselves to be led out, we could have no fears as to the popular verdict touching the force of the argument; for, through the Journal's misrepresentations, doubtless a hundred thousand eyes watered with strain and disappointment, on Wednesday afternoon. There was a period when our cotemporary justly enjoyed a reputation for brilliancy and wit; but, alas! this last attempt at an expensive mark in his history an era of decadence—for a definition of which term Webster says, "See Decay."

BURGULARY.—We stated a few days ago that a carpenter's shop in Jefferson street, a few doors above the East Baptist Church, had been entered by burglars during the night and robbed of a quantity of tools. The tools belonged to Lewis Zwickoff and Jeremiah Hollingshead. Edward Johnson has been arrested, charged with committing the robbery. He was brought into Police Court yesterday for examination, but his case was continued till today.

COUNTERFEITER.—Walker West, a young fellow from Scott county, Ky., was before the Police Court yesterday, charged with passing a \$1 counterfeit note on a gentleman named Yarborough, in this city, on Thursday. A quantity of counterfeit money was also found in his possession, and he was held in \$400 to answer the charge of uttering counterfeit money. He was committed.

DEATH OF MISS GALE.—The Sheffield (England) Times reports the death of Miss Sarah Gale, in the 50th year of her age. She was the last survivor of the three sisters of the late Joseph Gale, of Raleigh, South Carolina. United States, who left Sheffield in 1794 on political grounds. With these ladies James Montgomery, the poet, resided for more than half a century.

C. M. Clay, Esq., has a communication to the Mountain Democrat, of the 26th inst., in which he details some of the annoyances and expenses he is subject to by "fox hunters." He says he loses annually one hundred dollars of wool of sheep, and that his entire force employed one week could not put up the fences for hunters leave down after them. Go it, Cassius!

The sidewalks in First street, between Market and Jefferson, have long been in a bad condition, and citizens whose business and inclinations induce them to resort to that thoroughfare, will be pleased to learn that the old pavements are soon to be replaced by new ones. Mr. J. M. Wells has a contract from the city for the work.

The new city school building, at the corner of York and Fifth streets, when completed, will be one of the handsomest edifices in the city, and will be remarkably adapted to school purposes. This structure is intended to supply the place of the building which was burned about two years ago, and is almost complete.

LADY DAY.—The 25th of March was known in "merrie England" as "Lady Day," and was the day when annual rents were generally collected. It has ever been celebrated by the Church as the anniversary of the "annunciation" of the virgin Mary by the Angel Gabriel.

FIRE.—The alarm of fire, about 4 o'clock yesterday afternoon, proceeded from a residence in Washington street, between Preston and Jackson, and was caused by a feather-bed accidentally taking fire. The fire was extinguished without other damage than that which occurred to the bed.

Wm. Clark, an unsophisticated Hoosier, wasn't accustomed to our style of liquor, and, accordingly, fell under its influence up town on Thursday. Judge Johnston deals leniently with first offenders, and let William off, yesterday, with a moral exhortation.

Councilman Overall has introduced a resolution into his branch of the Council, to have the bridge over the Beargrass at Broadway entirely reconstructed. The improvement is very much needed, and we are glad to see that the resolution was adopted.

The claims of the street hands of the two districts for the first half of the present month, were allowed by the Board of Common Council Thursday evening.

THE STEAMER EMPIRE.—We are indebted to our friend J. W. Lynch, Esq., clerk of the fine steamer Empire, for New Orleans papers and other river favors.

THE STEAMER EMPIRE.—We are indebted to O. L. Smith, Esq., clerk of the fine Express for the latest New Orleans papers and other favors.

The city wharf, between First and Brook streets, is soon to be graded and paved.

SINKING OF THE GRAPESHOT.—We announced yesterday morning that a collision had occurred between the steamers Grapeshot and J. H. Oglesby, at an early hour Thursday evening, in the bend of the river just below New Albany. Our informant was mistaken as to the latter boat, it being the Gov. Powell which ran into the Grapeshot. The collision was doubtless the result of a mutual misapprehension as to the signals. A large hole was made in the larboard side of the Grapeshot, but her pilot was enabled to run her to the Kentucky shore, where she now lies, her starboard side being entirely out of the water. Her rear cabin floor is under water, however, as also her larboard side, but the receding water will doubtless leave her high and dry upon the embankment, when she may be fully repaired and launched. Her cargo was from Memphis, consigned principally to Cincinnati and Pittsburgh. A few bales of cotton were washed from her decks. We present herewith a summary of her cargo. Per Grapeshot from Memphis: 24 bales cotton, Robbin & Pomeroy, Cincinnati; 25 bales cotton, Mason & Bro., Baltimore; 3 colls line and lat sundries, Jones & Cooley, Pittsburg; 418 bales cotton, Kennedy, Childs & Co.; 37 bales cotton, Merrick & Co.; 2 casks glassware, J. B. Lyon & Co., Pittsburg; 1 box books, Webb, Gill & Levering, Louisville; 1 trunk, T. P. James, Rising Sun.

THEATRE.—The performances last night were enjoyed by the audience, especially the comedy of Sweethearts and Wives; it was capital performance by all engaged.

To-night Mr. C. C. Hamilton takes his bene fit, and presents as a bill the Daughter of the Regiment and the Rake's Progress. Of course his friends will give him a crowded house. He deserves it, for he is one of the most painstaking and studious actors of the company; his characters evidence study and a determination to succeed. In his own peculiar line, his performances are always excellent. Give him a full house.

HIGHLAND MESSENGER.—This blooded horse is the property of S. R. Womack & Co., and may be seen at the tables of Mr. George W. Womack, on the Shelbyville turnpike, near Middletown. He is one of the best bred horses in Kentucky, and a beautiful specimen of the Messenger stock. He is 15½ hands high, weighs 1,650 lbs., is of a dark chestnut color, and trots a mile in harness in three minutes with perfect ease. We note with pleasure the commendable spirit of our people in extending, and improving the stock of our State.

John Gibson, George Gibson, and W. Cunningham, three youths, were arrested on Thursday for stealing some old iron from the remains of Bunn & Lacy's mill, and an old chair; the name of McLaughlin was charged with buying the iron. They were all in Police Court yesterday morning, when the boys were admitted and discharged, and McLaughlin was held in \$300 bail for his good behavior, having bought the iron knowing it to have been stolen.

STRANGE VISIT.—A Russian, by the name of Kosseff, porter in Mr. J. T. Latham's store, was arranging a musical hall, in Fourth street, between Market and Jefferson, Thursday evening about 7 o'clock, a pistol was discharged out of the building, the ball passing through the window and cutting the wall near the place where Mr. K. was standing. It is not known whether this was a design upon Mr. Kosseff's life, but the circumstance has attracted much attention.

Our old friend, Benj. Flagg, has given universal satisfaction, we believe, as Street Inspector in the Eastern District, during the past year. The streets in his District are in fine condition, and he displays great energy in the performance of his duties throughout. He announces himself as a candidate for re-election and, as he has given such universal satisfaction, and has no formidable opposition, we presume he will receive an overwhelming majority.

Billy Bowlegs, the great Seminoles child, is emulating Caesar in the pitch and concentration of his sentences. He tells the whole story of the position of things between Gen. Harne and himself, in a brief couple of thus: "I have catch, Billy Bowlegs." (By the way, Billy Bowlegs, Danter bang.)

The atmosphere yesterday was filled with particles of dust, rendering respiration disagreeable rather than a pleasure, and outdoor business, as confined to the gentler sex, was more delicate of the torrid creation, was generally suspended.

McMillen, Anderson, and West, charged with the assassination of Geo. Keller Sunday night last, will have a preliminary examination in Police Court this morning.

A man was arrested yesterday by Officer Ragan for stealing a lady's bonnet, valued at \$15, and he will be examined this morning in Police Court.

The river—the river has commenced falling at this point, with 5 feet 7 inches water in the pass on the Falls.

We are again indebted to the Adams Express Company for western papers in advance of the mail.

ALL FOR ONE DOLLAR.—Great Inducement at 96 Third Street.—Now is the time to get fine gold watches, jewelry, and extra books, pocket knives, calms, and extra books. No small gifts. Every purchaser of \$1's worth of liniment receives a free gift, worth 50 cents to \$100. Everybody is invited to call and examine the gifts, which are new and desirable. No money is risked on chance, as every person is sure to get the worth of their money besides the liniment, which is alone worth the amount paid for it. One hundred thousand bottles have been sold since the first of January, 1887, and has given universal satisfaction in all diseases for which it is recommended. Remember, four bottles of liniment and a handsome gift for \$1, at No. 96 Third street, near the post-office. dkwf

PREPARE YOUR HAIR.—To those who are not aware that each particular hair of the head is a hollow tube, the ends of which are open, and which convey nourishment, and impart its peculiar shade of color, it seems incomprehensible how restoratives can produce a renovating influence.
